We are striving to ensure all researchers have the same opportunities to develop their scientific careers.

The ICR's initiatives to promote equality for women in science can be found here:

- [Leadership development for women](#) [7]
- [Support for parents and parents-to-be](#) [8]
- [Mentoring programmes](#) [9].

The ICR has been awarded the Athena SWAN Silver Award. This prestigious award recognises the ICR's on-going commitment to promoting gender equality in cancer research. The ICR achieved a Bronze Athena SWAN Award in 2009 and they are now one of only three research institutes to hold an Athena SWAN Silver award.

[Find out more](#) [10] about what the ICR is doing to remove unnecessary barriers to career progression in research.

Other resources:

- [CRUK's Women of Influence Mentorship Scheme](#) [11]
- [SUSTAIN](#) [12] is a programme which enables female researchers to thrive in their independent research careers. It provides an innovative programme of training and support to develop participants' leadership and career potential. SUSTAIN is not currently open for applications, but will open again in Autumn 2019.
